Dear Parents/Carers,

Catching up on Missed Opportunities

We would like to say a huge thank you to all the families who have supported us in our efforts to 'catch up' on the opportunities and events that have been missed during the last two years. During this half term, the children of both the First and Middle school have experienced the Science Dome – learning about dinosaurs and being part of the Apollo moon landing. Most pupils have experienced a summer parties, some pupils have been involved in after-school sport clubs and our launch of UBC.

We are now unfortunately in a position where we need to postpone the Wise Up Team Building event until next academic year due to the rise in local COVID cases and our ongoing commitment to keep you, your children and our community as safe as possible. We have planned for this to take place during the last week of September, this will allow children time to settle into the school routines and have something exciting to look forward to.

If your child is in Year 4 and you have paid the £7.09 through your Parent Pay, this will be refunded. However, for the children who are progressing through the school either into the next year or from First to Middle, this payment will move with them into their next year group.

We thank everyone for their patience and understanding regarding this and we look forward to this fantastic experience next year.

Best wishes

Mrs Lord
