Dear Parents/Carers

Consultation proposal - change of uniform and school logo

We are entering a hugely exciting time at Broadstone First School. We feel the school has continued to develop over the past two years, including a rapidly growing positive reputation within the community. We now feel it is a good time to 'refresh' ourselves as part of our continual improvement and forward thinking. Part of this process will include the redesign of our logo as well as changes to the school uniform including PE kits. This is a part of a bigger consultation where feedback will be obtained from children, parents and staff. We value your views and opinions and so will be consulting with you throughout the whole process.

School Uniform Consultation

At Broadstone First School we want a uniform that builds a sense of community. We want our learners to wear their uniform with pride, giving them a sense of belonging and creating an identity for our school in the local community.

We will not be looking to introduce the new uniform until September 2021. As a part of this consultation it is essential that as a school we look at the affordability of any changes for parents and will work closely with suppliers to ensure best prices are obtained.

We value constructive feedback on our proposals and this part of the consultation is open until Monday 2 November. Please email uniformfeedback@broadstonefirst.poole.sch.uk with your initial thoughts as well as do's and don'ts of what you would like to see as part of the new uniform. If you would prefer to submit hand written feedback then a form to do so can be collected from the school office.

Logo

We would appreciate any comments, views, or ideas of what our new logo could look like. Please email these directly to the above email address. The best ideas from staff, families and children will then be sent off to be designed professionally.

We will reflect on all consultation feedback received in the decision-making progress, and will also consider at this time whether a further consultation would be helpful.

We will write to you again after this stage of the consultation closes, allowing sufficient time to reflect on the feedback received. In the meantime, we look forward to hearing your thoughts and ideas.

Thank you for your continued support.

Best wishes

Dawn Wilks
