

28 April 2021

Broadstone First School - Race for Life

At Broadstone First we are committed to ensuring healthy and active lifestyles. On Friday 28 May 2021 we will be supporting Cancer Research UK by encouraging all our learners to take part in the BFS Race for Life.

Weather permitting the children in Year R, 1, 2, 3, 4 will either walk, run or jog around the designated route within our school grounds covering a distance of one mile. Should the weather be poor and we are unable to go outside then will rearrange another date to complete this.

Please can all children come to school in their PE kits on Friday 28 May.

Race for Life – Cancer Research UK - It's down to schools like us that they can keep developing treatments and funding new research. Every penny counts; therefore, we are hoping to raise as much money as possible to go towards life-saving research in the fight against cancer. We are deeply mindful of the current times we are in and the financial implications this has had on families, so please just donate what you can- every little helps. On the day of the race there will be buckets outside the front of school for you to drop your donations in. All our donations will be going directly to Cancer Research. We look forward to updating you on the total amount raised.

We really appreciate your support and hope that you'll have fun helping us raise lots of money for Broadstone First Schools Race for life.

Kind regards

Sophie Burke
