Dear All,

**What works well?**

As COVID 19 cases are lowering and restrictions are easing, we still all need to be vigilant, careful and safe. However, we are looking at what we have changed in school since the beginning of the pandemic and what works well. We always appreciate and consider your feedback and again we would like to ask for this.

We would like you to think about the things we have changed during the COVID pandemic and would like to know your thoughts on those which you think work well. There are various things we have changed e.g. coming to school wearing PE kits on their set PE day.

If you would like to provide feedback please complete the below form by 9am Tuesday 4 May 2021.

Whilst we appreciate everyone's feedback we cannot respond to everyone individually but please feel reassured that we do listen and we will take everything into consideration.

As always thank you for your support.

Best wishes
