Dear Parents/Carers

COVID-19 Positive PCR Result

We are writing to inform you that we are awaiting further results following two positive LFTs including Miss Ellis in **Emeralds Class**, they were last in school yesterday. This is in addition to the positive case we informed of yesterday.

Schools no longer have any duty to complete track and trace processes. However, we feel that this is information you need to know in timely manner. We are aware that many of you have vulnerable relatives, and we are keen to keep our community safe. There is no obligation for pupils to self-isolate however we would advise extreme caution over the next few days. Advise for close contacts is that they get a PCR test as precaution however can continue to come into school, whilst waiting for this result unless they become symptomatic themselves. We will contact you if we have identified your child as a close contact.

We appreciate this is a really worrying time as lots of the control measure that made us feel safe have now been lifted. Please feel free to contact us if you have any questions. We are unable to share personal details about the child in question however should be able to answer any general questions you might have.

Best wishes

Dawn Wilks
