

10 September 2021

Dear Parents/Carers

University of Broadstone Curriculum (UBC)

After the success of our first UBC module at the end of last year we are delighted to be writing to you with details on how this fantastic experience will continue throughout this school year.

Here at Broadstone First School we are passionate about preparing children for a life well lived. Just one of the ways we do this, is through our UBC offer. The University of Broadstone Curriculum provides opportunities for our young learners to extend their skills in areas wider than the National Curriculum. We believe that it is important that the pupils at Broadstone First School have the opportunity to learn and practise something that they may have never experienced before. From learning about First Aid to becoming Cake Decorators, our University study modules offer variety and diversity, beyond the constraints of the national curriculum. We expect our young learners to take risks and be brave in their selections, choosing new and exciting projects that they may not have tried or considered before. We hope to inspire and motivate children to learn skills that they can remember forever.

Throughout this year we are delighted to be running four UBC modules. UBC will continue to take place on a Wednesday afternoon, where the children will be able to work with learners across the school on their chosen modules. The children will have the opportunity to select seven choices from this year's UBC prospectus. They will then be placed in four of the modules they have selected, which they will take part in throughout the year. When selecting modules please ensure they do not choose the same module as last time.

We are very excited to be starting UBC on Tuesday 21 September, please note from the week after UBC will be held every Wednesday. We will be sharing the prospectus with all the learners today in class. The prospectus will then become available to view on our website so that you can take a look at what is on offer and have a conversation with your child about the modules they might choose. Please submit your child's UBC choices by **9am Wednesday 15 September 2022** via the form below:

<https://forms.office.com/r/Gwww4E8bVG>

We hope to continue to make this an incredible and informative experience for all of our learners. We can't wait to get started!
