07 February 2020

Dear Parents/Carers

World Book Day 2020

It's that time of year again when we get to celebrate books and stories from a range of different authors! On **Thursday 5th March**, we will celebrate World Book Day. Throughout the day, we look forward to the opportunity to enjoy and share our favourite books and share our love of reading. We will be creating stories in our classes and embarking on a school wide 'Consequences Writing Activity' where each class will be adding their own unique part to the story as it works its way around the school. I wonder what whacky characters and settings we will come up with!

To celebrate World Book Day, we are inviting all children to come to school dressed as a **book character** of their choice. We will be having a little competition within each Key Stage to see who has come dressed most like their character. We will be awarding these children with a prize! Please can we ask that all costumes and props are named, and no sports kits are to be worn.

"Shelfie" Competition

A love of reading is very important at this young age, this allows children to fulfil better opportunities and explore their imagination further. This year's challenge is for children to have a "shelfie" (a picture) taken in front of their five favourite books. This can be as imaginative as you they would like; we are keen to see as many different books and personalities shine through their creative minds. Please email your photos to office@broadstonefirst.poole.sch.uk. If you send your photograph in we will be displaying these in the school so if you do not wish for your child's photograph to be included please do not email one in.

Many thanks; I can't wait to get working on my costume!

Kind regards

Louise Graves
